

Hydrotherapy. Bath tubs and Showers Body

	Duration, min	Price, BGN
<p>Pearl bath tub with mineral water</p> <p>Pearls (air bubbles) make underwater micro-massage of the body to make it feel relaxed and refreshed. And in combination with the therapeutic properties of the mineral water, it relieves muscle pains, massages the body and eases the tension in the neck, shoulders and back.</p>	20	15
<p>Pearl aroma bathtub</p> <p>The effect of the pearl bath tub is enhanced by the life-giving power of aroma oils. It has a favourable effect on the body and makes the skin silk-smooth and soft.</p>	20	20
<p>Pearl aroma bathtub for two</p>	30	35
<p>Hydromassage bathtub</p> <p>A fantastic way to increase the body tonus and to clear the organism after active trainings, physical exercises, or after a tense working week.</p>	20	15
<p>Hydromassage aroma bathtub</p> <p>It has a calming effect on the nervous system and the mind. The recovering effect of essential oils quickens blood circulation, tissue nourishment and toxin release.</p>	20	20
<p>Pearl bathtub with underwater massage</p> <p>Underwater massage with water and air jets whose effect is enhanced by the thermal impact of the mineral water. It removes tension and stress. Improves blood circulation and skin elasticity.</p>	30	30
<p>Vichy Shower – Summer rain</p> <p>One of the most pleasant hydrotherapeutic procedures with an anti-stress effect like warm summer rain. Relieving and relaxing experience under the effect of gentle warm mineral water jets.</p>	15	10
<p>SPA Capsule</p> <p>Spa Capsule combines Steam, Sauna, and Vichy Shower, with chromotherapy and aromatherapy.</p>	25	20
